Dear Minister Albanese

Re: Hume Freeway Interchange/Edgars Road extension, Epping Victoria.

I write to offer my full support to the Aurora Community Association's 2013-14 Pre-Budget submission on the Hume Freeway interchange/Edgars Rd extension in Epping, Victoria.

The association's submission accurately describes traffic congestion, time and money wastage, impacts on employment, business activity, liveability, health and welfare caused by missing road links.

Rapid population growth in large areas north of Epping has put a sharper focus on the already urgent need for improved road networks, and the opening of the Melbourne Wholesale Fruit, Vegetable and Flower Market will add to these pressures.

Traffic issues in the vicinity of the Northern Hospital and surrounding medical precinct must also be addressed as a matter of highest priority.

I commend the association's submission to you.

Yours sincerely
