

Tragedy of the Commons

It is all of our responsibility

Everyday someone is out driving the highways and byways.
And everyday someone throws something out their window or dumps their
personal rubbish in our common areas

IT IS YOUR BACKYARD TOO!

Community Environmental Art Project

Come and help make a forest of trees from litter found
around the City of Whittlesea and neighbouring
municipalities.

Local artist Liz Walker and *Rivers and Ranges Community Leadership
Program* participants will be there to help you create beautiful works of
public art from found objects!

All necessary equipment and clean suitable rubbish provided.
